

Bien que la menace d'un mandat d'arrêt international plane désormais contre lui, Ayuk Tabé le président sans république ne semble pas abdiquer.

D'Abuja au Nigeria où il se trouve depuis quelques jours, Ayuk Tabe n'est pas resté silencieux face aux violences observées ces derniers jours entre forces de sécurité et population. C'est dans un communiqué rendu public ce jeudi 09 novembre que « L'indépendantiste » s'est indigné du meurtre des trois gendarmes survenus dans la région du Nord-Ouest. Il a condamné les actes de violences et a des "fisillades arbitraires". Ayuk Tabe a déclaré que la « république d'Ambazonia » a enregistré 122 décès, 150 personnes portées disparues, 1894 personnes blessées par balles ou par tortures, et au moins 16 000 personnes déplacées »

. Le sécessionniste à enfin appelé son « peuple » à l'unité.

Ambazonia Interim Government condemns attacks in Jakiri and Bamenda

Abuja, 9th November 2017 – The President of the Interim Government of the Federal Republic of Ambazonia (former UN Trust Territory of British Southern Cameroons pursuant to UN General Assembly Res. 1608(XV) of 21st Apr 1961), President Sisiku AyukTabe, condemns in the strongest terms the recent attacks in the Jakiri local government area of Bui county and Bamenda city of Mezam county that led to the loss of life and property in the northern zone of the territory. This is an unfortunate and unpleasant situation.

Monday, confrontation around Bilingual High School in Jakiri involving armed security forces and soldiers from the neighboring country La République du Cameroun and individuals, unknown to the Interim Government of Ambazonia, resulted in the death of Constable Maj. Djodnia of the Police Service of La République du Cameroun, illegal occupier of the territory of Ambazonia since 1961. Tuesday, a similar incident at the Bamenda city entry checkpoint led to the unfortunate death of Marshal Hinma René and pupil David Sallé of the Gendarmerie, part of the Army under an office of the Presidency of La République du Cameroun. Reacting and without investigation, additional deployed special armed forces of La République du Cameroun exacerbated indiscriminate arrest and shooting of unarmed civilians especially youths and mothers that have resulted in the death of a young mother Mrs. Janet Ngwafor in Bamenda on Wednesday the 8 of November 2017 and many are injured and on the run.

Significantly, Ambazonia has recorded 122 deaths, 150 people missing, 1894 persons injured by direct gunshots or torture, and at least 16,000 cases of internally displaced persons due to military activities carried out by armed security and soldiers under the direct instructions to "shoot-and-kill" by Secretary General in charge of Defence at the Presidency of the La République du Cameroun in Yaounde between September 22 and October 31, according to findings of a 15-person inquiry commission chaired by Member of Parliament for Jakiri, Honorable Joseph M. Wirba of the major opposition party in La République du Cameroun Social Democratic Front.

Across the border, the UNHCR in Nigeria's Cross River State has recorded some 40,000 teenage parents and their children who fled massacre by the armed paramilitary and security forces of La République du Cameroun. In fact, the actual numbers cannot be documented because the Government of La République du Cameroun routinely blocks access to internet, regularly shut off electricity supply while banning free movement
