PRESS RELEASE

The Governor of the North-West Region, H.E. LELE LAFRIQUE TCHOFFO DEBEN Adolphe wishes to inform the entire North-West population, that the **Regional Order restricting movements of persons and property within the North-West Region has been modified to run from 9 p.m. to 6 a.m.** with effect from Saturday, November 24, 2018.

He further wishes to extend his sincere appreciation for the collaboration and high sense of discipline and sacrifice so far exercised by all in the fight against secessionist activists and the quest to preserve our territorial integrity and national unity.

While expressing government's determination and hope for a speedy return to normalcy, as reiterated in the Head of State's speech of November 6th 2018 calling on our misguided youths to drop their weapons and come out of their hideouts to regain normal life again;

The Governor finally counts on the peace loving, law abiding and God fearing population of our Region to mobilise as one person and to assist government towards the restoration of a healthy and serene socioeconomic and security environment for the much cherished welfare of all its citizens.

For the Governor
and by Delegation
(The Secretary General)
